### **Spiritual Renewal Counseling – Disclaimer & Release**

A Spiritual Renewal session ushers you into a loving and interactive experience, guided by the Holy Spirit. You'll experience prophetic healing ministry, freedom prayer, and the touch of supernatural peace and joy that comes when we rightly see our Savior.

Life in the Spirit is a prayer ministry, not a professional counseling service. I am committed to respect your privacy, but not to complete confidentiality. The information is confidential, but California mandates that I report any of the following:

- The abuse, neglect or sexual abuse of children.
- Emergency situations where the client may harm themselves or others.
- A court ordered subpoena relating to child abuse.
- An unreported life threatening felony has been committed.
